EDUCATION

University of South Florida GPA: 4.0/4.0 | Graduated *May 2026*

- *B.S. in Chemistry, Minor in French and Francophone Studies | Green and Gold Presidential Scholarship*
  - **Honors:** Summa Cum Laude; Phi Beta Kappa; King O'Neal Scholar

CLINICAL EXPERIENCE

Emergency Medical Responder, *USF Medical Response Unit* *Sep 2024 – May 2026*

- Assessed patients, obtained vital signs, stabilized conditions, and documented patient care for 1–3 medical and trauma calls per shift, including overlapping incidents
- Deployed with a state response team during Hurricanes Helene and Milton, providing shelter-based patient care and documenting medical support for 200+ patients, mostly older adults and unhoused individuals

Health Support Staff Volunteer, *USF Student Health & Wellness* *Sep 2024 – May 2025*

- Obtained vital signs, documented patient information, and completed intake for 3–4 patients per hour
- Roomed patients and supported providers to keep patient flow moving in a busy student clinic

Post-Anesthesia Care Unit Volunteer, *Moffitt Cancer Center* *Sep 2023 – Nov 2024*

- Supported 2–3 postoperative patients per hour in the PACU and transported cleared patients to discharge
- Guided patients and families, answering questions through the Patient Experience Department

RESEARCH EXPERIENCE

Research Assistant, *Bill Baker Natural Products Lab at USF* *Jan 2024 – Present*

- Advanced 4 drug discovery projects screening fungal and marine extracts from Mexico, the Everglades, and Antarctica for antifungal and anti-tubercular activity, following standardized bioassay-guided protocols
- Recorded and analyzed assay results (including IC_{50}) to prioritize active fractions; ruled out leads in 3 antifungal projects and advanced promising anti-tubercular Antarctic hydrozoan fractions
- Presented findings at Harvard, FURC, and USF Castle; contributing author on a manuscript in preparation on novel compounds from Everglades mangrove samples

ADDITIONAL EXPERIENCE

Producer & Video Editor, *The House of Healthcare* *Oct 2026 – Present*

- Plan, script, and film 12–15 interviews per week with NYC healthcare professionals, directing shots and scouting interviewees for on-the-spot street interviews; edit the strongest for publication
- Connect directly with each professional interviewed to grow an early-stage venture building an accessible healthcare network

Subject Tutor, *USF Academic Success Center* *Jan 2025 – May 2026*

- Explained complex General and Organic Chemistry concepts in one-on-one and group sessions of up to 8 students, adapting to each student's level
- Selected as a founding tutor for the Math in Chemistry track of the Center's new Peer Math Coaching program; featured in the Florida College Learning Center Association's Staff Spotlight (Dec 2025)

President, *Iranian Students Association at USF* *May 2024 – May 2026*

- Served as media spokesperson for Iranian students in the US; interviewed by *The Washington Post, Tampa Bay Times,* Spectrum Bay News 9*,* and other outlets on the impact of war and immigration restrictions
- Planned cultural and advocacy events drawing 300–500 attendees, including the Florida premiere of the play *Voices Unveiled* and a campus solidarity rally for protesters in Iran

SKILLS, CERTIFICATIONS & LANGUAGES

Certifications: Good Clinical Practice (GCP, NIDA CTN), Emergency Medical Responder (EMR), BLS, CRLA Level I Tutor
Clinical: Patient assessment, patient intake, vital signs, triage, patient care documentation, medical terminology
Software: Microsoft Office (Word, Excel, PowerPoint, Outlook, Teams), Google Workspace, Canva
Lab & Analytical: Bioassay-guided screening, aseptic technique, BSL-2, IC_{50} determination, HPLC, MPLC, HRMS, NMR
Languages: English (Fluent), Farsi (Native), French (Intermediate), Spanish (Beginner)
